

## Table of Contents, Volume Fifty-Two

## No. 1, July-September, 1994

Checklist and host index of wood-inhabiting fungi of Alaska.	
<b>Thomas J. Volk, Harold H. Burdsall, Jr. and Keith Reynolds</b>	1
Scanning electron microscopic observations on a new record of <i>Dictyoachaeta daphnioides</i> . . . . .	47
<b>L. Zucconi, S. Pagano and S. Onofri</b>	
Studies on Keratinophilic Fungi IV. <i>Bifidocarpus</i> , a new genus of the Eurotiales.	
<b>J. Cano, J. Guarro and R. F. Castañeda Ruiz</b>	53
Culture morphology of <i>Crepidotus</i> species . . . . .	59
<b>Beatrice Senn-Irlet</b>	
<i>Fasciatispora lignicola</i> sp. nov. (Amphisphaeriaceae, Ascomycotina) from drift Mangrove wood.	
<b>Siti Aisyah Alias, E. B. G. Jones and A. J. Kuthubutheen</b>	77
Two new coprophilous discomycetes (Pezizales) from Taiwan . . .	83
<b>Yei-Zeng Wang</b>	
<i>Edmundsonia gamundiae</i> sp. nov. a new hyphomycete from Tierra del Fuego (Argentina) . . . . .	91
<b>A. M. Arambarri and A. M. Godeas</b>	
<i>Menispora fuegiana</i> sp. nov. a new hyphomycete from Tierra del Fuego (Argentina) . . . . .	95
<b>A. M. Arambarri and A. M. Godeas</b>	
<i>Glomus clarum</i> (Glomales, Zygomycetes), a new vesicular-arbuscular fungus to Poland. . . . .	99
<b>Janusz Blaszkowski</b>	
<i>Tomentella oligofibula</i> sp. nov. (Aphylllophorales, Thelephoraceae s. str.) from the Canary Islands.	
<b>Michael J. Larsen, E. Beltrán-Tejera and J. L. Rodríguez-Armas</b>	109
A new species of <i>Dactylaria</i> from China.	
<b>Jiao Zong, Xing-Zhong Liu and Yu-Tian Wang</b>	113
A checklist of Myxomycetes of the Mediterranean countries. . . . .	117
<b>Carlos Lado</b>	
New record of <i>Ceratoprycnidium baccharidicola</i> (endophyte on <i>Baccharis coridifolia</i> ) in Brazil . . . . .	193
<b>Maria Delia Bertoni</b>	
A new species of <i>Monochaetia</i> (Coelomycetes from China).	
<b>Guang-Cai Zhong and Li Nan</b>	187
A new species of <i>Myxotrichum</i> with an <i>Oidiodendron</i> anamorph.	
<b>Shun-ichi Udagawa, Shigeru Uchiyama and Seigo Kamiya</b>	197
<i>Petromyces muricatus</i> , a new species with an <i>Aspergillus</i> anamorph.	
<b>Shun-ichi Udagawa, Shigeru Uchiyama and Seigo Kamiya</b>	207
A second species of <i>Ascotricha</i> with non-ostiolate ascospores.	
<b>Shun-ichi Udagawa, Shigeru Uchiyama and Seigo Kamiya</b>	215
Ascospore sheaths of some <i>Coccomyces</i> , <i>Hypoderma</i> , and <i>Lophodermium</i> species (Rhytismataceae) . . . . .	221
<b>Peter R. Johnston</b>	
<i>Zygoglorea gemellipara</i> : an auricularioid parasite of <i>Myxarium nucleatum</i> .	
<b>Peter Roberts</b>	241
<i>Ramalina puberulenta</i> : A new lichen from California.	
<b>Richard E. Reifner, Jr. and Peter A. Bowler</b>	247
Suggestions for describing and illustrating fungal spores.	
<b>Laura S. Dominguez de Toledo</b>	259
Discomycetes of the Guayanans. I. Introduction and some <i>Encoelia</i> species.	
<b>Teresita Iturriaga</b>	271
Development of computerized, synoptic key for polyporoid, wood-rotting fungi of North America.	
<b>J. E. Adaskaveg, M. R. Dunlop, R. L. Gilbertson and E. E. Butler</b>	289

<i>Pseudovalsa smithii</i> is an earlier name for <i>Mycopezon guianensis</i> . . . Jean R. Boise	303
Type studies in <i>Amanita</i> section <i>Vaginatae</i> I: Some taxa described in this century (studies 1-23) with notes on description of spores and refractive hyphae in <i>Amanita</i> . . . . . Rodham E. Tulloss	305

## No. 2, October-December, 1994

Further investigations on <i>Phaeocollybia</i> with notes on infrageneric classification. . . . . Victor M. Bandala and Leticia Montoya	397
Studies on keratinophilic fungi. V. Two noteworthy species from tropical sources. . . . . J. Cano, J. Gene and J. Guarro	423
Comments on the exsiccat "Lecanoroid Lichens" II. . . . . H. T. Lumbsch and G. B. Feige	429
A new species of <i>Lactarius</i> from Mexico. . . . . Alejandro Kong Luz and Arturo Estrada Torres	443
Some <i>Asterina</i> , <i>Asterostomella</i> and <i>Lembosia</i> species from Souther India. . . . . V. B. Hosagoudar and R. D. Goos	467
Cladoniaceae americanae exsiccatae. . . . . Samuel Hammer	475
Species of <i>Chaetoptelea</i> on desert plants in China. . . . . Zi-Qing Yuan and Margaret E. Barr	495
A remarkable new lichen genus <i>Catarrhospora</i> (Ascomycotina, Porpidiaceae), from Cape Floral Kingdom, South Africa . . . . . Franklin A. Brusse	501
Morphological and reproductive aspects of <i>Cladosporium macrocarpum</i> and <i>C. herbarum</i> from Bing Cherry fruits. . . . . Frank M. Dugan and Rodney G. Roberts	513
Lichens of Pine Barrens, Pine Plains, and "Ice Cave" Habitats in the Shawangunk Mountains, New York. . . . . Robert Dirig	523
Book Reviews . . . . . L. M. Kohn	559
Errata . . . . .	567
NOTICE: Second Latin American Congress of Mycology. . . . .	571
NOTICE: New Edition of a Work by Elias Magnus Fries . . . . .	573
Author Index. . . . .	574
Index to Fungous and Lichen Taxa. . . . .	576
Reviewers. . . . .	600
Publications Dates, Volume 51 and 52(2). . . . .	600
